

Transferring Securities

To transfer securities from one issuer sponsored holding to another, you need to complete a 'Standard Transfer' form and return it to us.

You can download the form for the relevant company by following these steps:

1. Go to www.computershare.com.au/investor/Company
2. Enter the ASX Code or Company Name in the search Field. ().
3. Scroll down to the "Company Forms" section of the screen
4. Select "View All Printable Forms"
5. Scroll down until you see 'Transferring Securities' section and select 'View Form' for Standard Transfer
6. Print off form and complete

Certified copies of supporting documentation must be attached and returned with the original transfer form.

A fee of \$69 (incl GST) is required in respect of security validation checks that are carried out in relation to off-market transfers.

The fee is payable by the securityholder where the issuer's constitution expressly permits this (and is otherwise payable by the issuer).
